If Coinbase shows a **\$3,000 limit**, it's usually because your account is still in early verification stages. [+1-(888)-//411-//3378] or ☎️ +1:888'''411:(3378]

Coinbase sets spending and transfer limits based on identity checks, payment history, region, and security level. [+1-(888)-//411-//3378] or ☎️ +1:888'''411:(3378]

🔍 What Controls Your Limit?

Your limit depends on: [+1-(888)-//411-//3378] or ☎️ +1:888'''411:(3378]

- ✅ Account age
- ✅ Completed verification steps
- ✅ Payment method (bank, card, PayPal, etc.)
- ✅ Successful transaction history
- ✅ Location and banking rules
- ✅ Security settings like 2-step verification

New users often start with lower limits until Coinbase confirms the account is safe and stable. [+1-(888)-//411-//3378] or ☎️ +1:888'''411:(3378]

⚡ How to Increase Your Limit [+1-(888)-//411-//3378] or ☎️ +1:888'''411:(3378]

If you want higher buying or transfer limits:

- Upload full ID verification
- Add a verified bank account
- Enable 2-step authentication
- Complete address verification
- Build purchase history with successful payments

Once Coinbase confirms everything, limits usually increase automatically.
